This Is the Apparel Section's Contribution to the Thanksgiving Sale for Thursday

Davison-Paxon-Stokes Company

The Makers of Wooltex Have Sent Us 250 Beautiful Suits to Dispose of at \$25---Regular \$35, \$40 and \$50 Suits

Thursday Is the Day We Are Going to Sell Them

Once each season the makers of Wooltex Suits afford us a sale of this kind, where we may dispose of the higher priced suits at less than their regular value.

This is their contribution for the present season---250 of their best suits---of regular \$35, \$40 and \$50 values to sell at the popular price of \$25.

It is a collection, too, that proves the versatility of the Wooltex style bureau. There are conservative styles for older women, extreme styles for younger women, and smart, jaunty styles for misses. And every model is one that would stamp the wearer as a person of discrimination and taste in

Some Fur-Trimmed Suits

Included are some elegant Fur-Trimmed Suits that are particularly appropriate for Thanksgiving. Suits that you can wear on that joyous occasion or any time thereafter with an appearance of distinction and a feeling of satisfaction, because you are perfectly sure of being well dressed.

The styles of these suits are especially pleasing, and make an instant appeal. Charming and becoming cutaway coats, some blouse effect; stylish, beautiful draped and tunic skirts. Some of the coats have the smart Glengary collar, and there are various fascinating trimming touches of velvet here and there. And note this range of materials from which you may choose. Serges, Cheviots, Bedfords, Crepe Bedfords, Eponges, Matelasses, Wide-wale Diagonals---and you will recall the makers of Wooltex Suits use nothing but the best all-wool materials. The color tones include, navy, Copenhagen, wine, prune, greens, taupe, mahogany and black.

Every Wooltex Suit Is Guaranteed

The materials, the linings, the tailoring, the findings in Wooltex Suits are all of such superior quality, the makers guarantee

every suit for two full seasons' satisfactory service.

Thursday will be the best day to buy, because on that day you may buy \$35, \$40 and \$50 Wooltex Suits at \$25.

"THE CAR WITH A CONSCIENCE"

The Continuation of a Great Success

The automobile surprise of 1913 becomes a certainty for the season of 1914.

The Oakland has been the phenomenal suc-

of the past season.

Never before has a car received such un-

cess of the past season.

Never before has a car received such unstituted praise.

Never before has a car been so generously admired.

Never before has a line been so easily sold.

It has been the talk of the automobile world.

The history of the Oakland Motor Company has been a steady climb upward.

Starting in a small way in 1908, the business has increased steadily year after year until, for the fiscal year ending July 31, 1913, the gross receipts amounted to over ten millions of dollars.

We have been able to make this progress because we have built honest, serviceable automobiles. A company can not thrive unless it does. In this commercial age, dealing as we do, with a keen public, it is absolutely necessary to make every purchaser an "asset"—a satisfied customer who is willing to recommend his choice to friends.

That, Mr. Dealer, is what the people in your vicinity are going to do during the next three months.

Yes, if you get busy at once. Wise Delers are right here in Atlanta now contracting for the sale of CARTER-CARS.

CARTERCARS sell easier than any other automobile made. It's because they are the most simple.

A boy can drive a CARTERCAR. Your wife can demonstrate it. There is practically nothing to get out of order with the CARTERCAR Gearless Trans-

Russia in the face of civilization has not dared to murder the innocent Jew accused of a crime that he has never committed. And if Russia has not dared this time, she will not dare in the future, we may believe.

Unhappily, in Russia, at least, many Jews must suffer because of this infamous Beilis case.

The Russian Black Hundred, the official haters and perjurers of the Jews, have been cheated of their individual victim. They are not to have the satisfaction of murdering Beilis.

But the ignorant peasants will be told that the crime was committed by Jews unknown, and many will suffer.

However, the plans of the Russian Government have been hwarted. The desperate effort to convict Beilis, backed by per-ury, conspiracy and cunning, has failed. Every man who has nelped to protect that far-off feeble, defenseless workingman sellis from the bloody creatures thirsting for his blood must feel leeply grateful for the privilege of having said a word in de-ense of human decency.

fense of human decency.

The American Israelite in its issue of October 30 says:

The foremost among those who unsparingly denounced the Carr and his advisers and Russian officialdom for seeking to stigmatize their Jewish subjects as guilty of ritual murder, such such seasons of the seek of the various Hearst papers in New York, Boston, Chicago, San Francisco and elsewhere. They have not hesitated to speak out plainly and forcibly, and if what the various editors have been saying has no effect in Russia—as it probably will not—still they will have served a purpose, by calling the attention of a large number of reading and thinking people to the brutal wrong which is being done at Kieff. William Randolph Hearst is entitled to the gratitude of all right thinking men:

This expression of thanks is appreciated, but it should be extended to many newspapers, to many organizations and to canny individuals. For the protest against the proposed brutality had been world-wide, and it must surely have been heard had not the Hearst newspapers early in the day and with such energy as they possessed taken up the crusade.

Here is an indoor game full of the memories of thrilling finishes and tense situations of the past season's ball games, duplicated play for play with almost uncanny fidelity. "Two down and the bases full," "tied in the ninth" and similar crises occur in a big percentage of the games. Famous plays may also be duplicated and new ideas tried out.
